

I support in the strongest terms, satellite radio's right to broadcast traffic and weather for local markets. I pay for these services and local stations DO NOT provide them in any way close to the same quality or frequency. I urge you to reject the NAB's petition 04-160 and I support XM's ability to provide the kind of programming that I pay for and need. Such stifeling of competition makes no sense.

Respectfully,

Robert L. Feldman
